It is herein agreed that:

The copyright to the contribution identified above is transferred to IJENS. The copyright transfer covers the exclusive right to reproduce and distribute the contribution, including reprints, translations, photographic reproductions, microform, electronic form, or any other reproductions of similar nature.

The *International Journals of Engineering n Sciences* only publishes articles of the highest quality. When authors decide to submit an article to any of these journals for possible publication, their submissions indicate that the work described in their paper should not have been previously published, or be under consideration for publication elsewhere, in the same or similar form.

The author first warrants that his/her contribution is original, except for such excerpts from copyrighted works as may be included with the permission of the copyright holder and author thereof, that it contains no libelous statements, and does not infringe on any copyright, trademark, patent, statutory right, or propriety right of others.
