

Dr. O. Ismail
Department of Computer Engineering,
Faculty of Electrical and Electronic Engineering,
University of Aleppo, Aleppo
Syria
E-mail:oismail@ieee.org
E-mail:osism@hotmail.com

Biography

O. Ismail received the **B. E.** degree in electrical and electronic engineering from the University of Aleppo, Syria in **1986**. From **1987** to **1991**, he was with the Faculty of Electrical and Electronic Engineering of that university. He has an **M. Tech** (Master of Technology) and a **Ph.D.** both in **modeling and simulation** from the **Indian Institute of Technology, Bombay**, in **1993** and **1997**, respectively. Dr. Ismail is a **Senior Member of IEEE**. His main fields of research include *computer graphics, computer aided analysis and design (CAAD), computer simulation and modeling, digital image processing, pattern recognition, robust control, modeling and identification of systems with structured and unstructured uncertainties*. He has published more than **57 refereed journals and conferences papers** on these subjects. In August **1997** he joined the *Department of Computer Engineering* at the *Faculty of Electrical and Electronic Engineering* in *University of Aleppo, Syria*.

In **2004** he joined the *Department of Computer Science, Faculty of Computer Science and Engineering, Taibah University*, **K.S.A.** as an **associate professor** for **six years**.

Presently, he is with *Department of Computer Engineering* at the *Faculty of Electrical and Electronic Engineering* in *University of Aleppo*.

He has been chosen as a candidate for inclusion in the special **25th Silver Anniversary Edition** of **Who's Who** in the World. Published in November **2007**.

He has been chosen as a candidate for inclusion in the **2010** Edition of **Who's Who** in the World, scheduled to be published in November **2010**.
