Keywords

Generic Technology keywords
Databases, Programming

Specific Technology keywords
JSP, MS-SQL server, HTML

Project type keywords
Analysis, Design, Implementation, Testing, User Interface

Functional components of the project
Following is a list of functionalities of the system.

1) The system has the following type of users:

  a) End-Users (Students)
  b) System administrator
2) The Users can perform the following tasks:

    End-Users:
        a) Enter information into and get test online.
        b) Print results.

    System Administrator:

a) Enter exam details.
b) Print results.

3) The system has the following Interfaces:

1) Login
a) End-User
b) System Administrator

2) Interface for filling up the following information
a) Personal Information
b) Educational Information
c) Exams details

4) Interface for searching a student on various attributes.

5) Interface to print the result in Word Format.

6) Logout

3) Title of the project

Concurrent Train Simulation System"
Abstract of the project

Developed an Application for simulation of CSMA/CD algorithm.

Keywords

Generic Technology keywords
java Programming

Specific Technology keywords
swing
Project type keywords
Analysis, Design, Implementation, Testing, User Interface

Interface to simulation.

4) Title of the project

JAVA media Player

Abstract of the project

Developed an Application for multimedia application in java

Keywords

Generic Technology keywords
java Programming

Specific Technology keywords
awt
Project type keywords
Analysis, Design, Implementation, Testing, User Interface

Other Work Initiatives	• Conducting Summer Internship Program {SIP} in Advanced Java in Geetanjali Institute of Technology, as a faculty of NIIT ltd.
	
	1) Title of the project
	
	Udaipurstudents.com
	
	Abstract of the project

	Keywords
	
	    Generic Technology keywords
	    Databases, Programming
	
	    Specific Technology keywords
	    PHP , MS-SQL server, HTML
	
	    Project type keywords
	    Analysis, Design, Implementation, Testing, User Interface
	
	Functional components of the project
	Following is a list of functionalities of the system.
	
	1) The system has the following type of users:
	
	  a) End-Users
	  b) System administrator
	2) The Users can perform the following tasks:
	
	  End-Users:
	  a) Enter information and sign into the discussion form as well as networking site for academic purpose.
	  b) Search job.
	  c) Post forum.
	  d) Chat faculty or friends.
	  e) Read newsletter.
	
	  System Administrator:
	    a) Enter newsletter, jobs, and forums.
	    b) Manage users
	
	3) The system has the following Interfaces:
	
	  1) Login
	    a) End-User
	    b) System Administrator
	
	  2) Interface for filling up the following information
	    a) Personal Information
	    b) Educational Information

4) Interface for searching a student on various attributes.

5) Logout

2) Title Of Project
www.armslife.com

armslife is an NGO that provides solutions to personal problems using astrology.

Generic Technology keywords
Databases, Programming

Specific Technology keywords
PHP , MS-SQL server, HTML

Project type keywords
Analysis, Design, Implementation, Testing, User Interface

3) Title Of Project
www.pimt.net.in
It is a college portal.

Objective	Seeking a position to utilize my skills and ability, in an industry that offers professional growth while being resourceful and flexible.
Date of birth	2nd Dec. 1984
Gender	Male
Address	**Correspondence –** SANJAY AGAL SUTHAR WADI INSIDE CITY SALUMBER UDAIPUR (Raj.) Contact Number:- Mobile :**09928292870**
